

CalFresh Benefits for March

If you receive CalFresh benefits in Stanislaus County, be advised there may be a gap due to February benefits being issued early due to the federal government shutdown.

To help reduce that gap, March CalFresh benefits are being issued on March 1, 2019. If you don't get your March CalFresh benefits early, and you are still eligible for CalFresh, you will receive your March benefits on your regularly scheduled day (the first ten days of March).

Please budget these CalFresh benefits carefully because your next monthly benefits will not be available until April.

For more information, call 1-877-652-0734.
