CalFresh Can Help

*Just one of the many reasons
to find out if you qualify for*

What is the CalFresh Program?

The CalFresh program (formerly known as Food Stamps and federally known as SNAP - Supplemental Nutrition Assistance Program) helps single people, the elderly, and families who have little or no income to buy food.

Note: Effective June 1, 2019 people who get Supplemental Security Income/State Supplementary Payment (SSI/SSP) may be eligible to CalFresh benefits.

How do I get CalFresh?

Every situation is different. To know whether your family is eligible or to learn more about the CalFresh program:

- Visit benefitscal.org
- Visit www.getcalfresh.org
- Call (877) 652-0734
- Submit an application by mail to P.O. Box 32 Modesto, CA 95353-0042
- Submit an application by Fax to (209) 558-2189
- Come to one of the CalFresh Application Locations

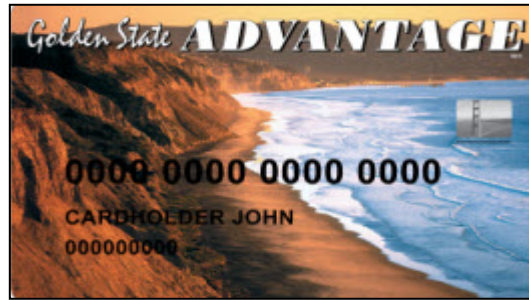

You may authorize a relative or friend to apply for you or talk to your worker about your case.

Can I get CalFresh just for myself if I live with my family or with others?

People who live together and buy and prepare meals together are grouped as a household. Husbands, wives and most children under age 22 must be in the household.

Is CalFresh cash?

No. CalFresh is accessed through an electronic account similar to an ATM card.

What do I need to do to apply?

All you need to do to apply is to complete an application with your name, address and signature. If you are homeless, only your name and signature are needed. When you are interviewed, your Case Manager may ask you for the following information:

- **Identification** – Driver's license, an I.D card, health card, or other identification document
- **Social Security Numbers** – Your number and a number for those who live in your household (if they have one)
- **Proof of income** – Pay stubs, child support orders, and benefit statements
- **For legal non-US citizens** – Resident alien card or other proof of immigration status

Can legal Non-Citizens get CalFresh?

You might be able to get CalFresh. Talk with a CalFresh worker about this. Even if you can not get it, other family members may be able to get CalFresh. Receiving CalFresh does not count against you if you want to become a citizen.

How many assets can I have?

As of 02/01/2011, the property you own will not affect your eligibility for most CalFresh households, even if you have a house(s), car(s), cash, money in the bank or other financial institutions, personal belongings, or other assets.

How much income can I have?

Most types of income are counted. Gross income means income before any deductions. Net income means gross income minus allowable deductions. There are income limits.

What if I have more questions?
